

Husqvarna 525DEPS Gas Dielectric Polesaw RHV970478401

Details

Husqvarna's 525DEPS MADSAW dielectric pole saw for professionals. As the industry's first and only dielectric gas-powered pole saw that is individually tested to meet OSHA 1910.269, the MADSAW delivers an extra measure of safety for skilled line workers, utility workers, and tree care professionals. The MADSAW can be used in the bucket, in the tree, or on the ground for extreme versatility. Purposeful design allows the pole saw's sections to quickly disconnect for secure storage in a tree care truck or utility vehicle. More productive than a manual saw and more useful than a hydraulic unit, the MADSAW makes pruning and limbing projects more efficient than ever before.
