

## Lift - E-Z Gate System

### RE1050

#### Details

Raise and lower tailgates with practically no effort! The E-Z Gate installs on the trailer bed rail, reducing weight load by 90% and preventing back strain and injuries. Stainless housing and aluminum hardware with 4000 lb. aircraft cable. No rattle spring insert. Works on gates up to 200 lbs. Universal 1 hour installation. Fully assembled.
