

EGO 600CFM Blower - Bare Tool Only

REGLB6000

Details

The EGO POWER+ 600 CFM Backpack Blower is 8 times quieter and weighs half as much as comparable gas blowers. Turbine-fan engineering moves air at a staggering 600 CFM. Variable-speed control allows you to dial the power up or down for superior control, from 320 cubic feet per minute to 600 cubic feet per minute, and the turbo button gives you max power for heavy-debris-clearing power. The Backpack Blower's high-efficiency brushless motor delivers longer run time, low vibrations and an extended motor life. Compatible with all EGO POWER+ ARC Lithium batteries (available separately) to deliver Power Beyond Belief. Please note: This product is restricted from air freight, and will be shipped ground freight.

- Variable Speed 260 CFM to 600 CFM
- Weather-resistant construction
- Maximum air velocity 145 MPH
- High-efficiency brushless motor
- Turbine fan engineering
- Adjustable tube length
- 8 times quieter than gas-powered backpack blowers
- Adjustable harness with waist belt
- Bare Tool Only
