

# Fimco High Flo 12V 8 Amp Pump - 2.1 gpm

RF5275087

## Details

Demand switch pumps operate only when liquid flow is required. Pump and motor stop instantly when discharge is closed. Diaphragm design eliminates troublesome shaft seal. Pump can be run indefinitely without damage. Chemical-resistant Santoprene diaphragm and Viton valves ideal for pesticide spraying. 12 Volt pumps available in three flow rates.

## Replaces
