

# Flo Control Strap Wrench - 4

RG0104

## Details

Spanner wrenches are useful in repairing leaky pipes. Smaller and lighter than pipe wrenches, they allow flexibility to work in hard-to-reach areas plus enough turning force to open pipe connections that have been untouched for many years.

## Replaces

R&R Products                      RG0020, RGPC0020

## Specifications

Manufacturer                      Flo Control

## Evergreen
