

# Punch N' Cut

RGD51098

## Details

The versatile Punch N' Cut is an all-in-one micro irrigation tool to hole punch tubing, insert and remove 1/4" emitters and fittings and cut up to 1" poly tubing, soaker hose and PVC in your drip irrigation system. The cutter tool punches a 0.12" or 0.18" hole in poly tubing, the hole punch punches holes, installs and removes fittings or emitters. The cutting tool is extremely sharp and easily cuts a smooth cut in 1/2" tubing or up to 1" Schedule 40 PVC.
