

Leemco Tee - 10 x 10 x 2 Lateral For Lv-Valves

RGLLT-1000T

Details

Lateral to mainline connections are made using Leemco Lateral Adapters. Adapters are made of ductile iron grade 65-45-12 (ASTM A-536). Epoxy Coating on interior & exterior surfaces of fittings are of fusion bonded epoxy, 10-12 mil thickness. The epoxy coating passes 90-Day immersion tests. Lateral Adapters are offered with self-restrained bell, MPT and FPT outlets. The Adapter inlet has a swivel base to orient the outlet to any 360 degree position for ease and stress free installation. Non self-restrained Lateral Adapters are equipped with tapped and plugged 1" side outlet. Adapters are used with Leemco saddle or tee.
