

# Rain Bird U-Series Dual Orifice Spray Nozzle 5-8ft Radius - Half Pattern

RGU10310

## Details

The patented U-Series nozzle is the first plastic nozzle with a second orifice for close-in watering and more uniform water distribution. Its unique patented design cuts watering times, saves water and money, and reduces waste. U-Series nozzles fit all Rain Bird sprinklers and shrub adapters. Rain Bird U-Series and MPR Spray Head nozzles are color-coded on the top to enhance your productivity.

## Specifications
