Details

Rain Bird offers a complete family of filtration products to meet a wide variety of needs. The Quick-Check Basket Filter can be used in both residential and light commercial applications. Reduce hours of maintenance time by installing this innovative filter that tells you when it needs to be cleaned. During regular operation, the Quick-Check indicator bubble remains a vibrant green. When debris accumulates to a level where significant pressure loss occurs, the indicator bubble switches to bright red and the filter needs to be cleaned.
