

Hypro Spray Tip - HF140-10 Light Blue

RHYHF140-10

Details

This tip is the best way to outfit a sprayer to achieve wide-angle coverage plus drift control. The 140 degree pattern ensures unmatched uniformity across the spray boom and allows lower spray heights to reduce the risk of drift during sensitive applications. Features straight-through design to reduce clogging and incredible uniform application across the boom. Lower spray heights and pre-orifice technology to reduce drift. Fits directly on standard nozzle bodies. FastCap includes tip, cap and gasket.
