

Kaput Mouse Block Bait - 4 lbs

RP2886-4

Details

This multiple edge bait block satisfies the rodents desire to gnaw. Effective against White Footed Mice that bring Lyme Disease, deer mice, carriers of Hantavirus, and house mice. Use in wet or dry conditions, indoors or out. Place in bait station on securing rods for ideal rodent control with security or hang in desired area. Place 1" x 1-1/4" blocks approximately 8' to 12' apart or 1 or more in a secure bait station. Easy, safe and effective. Long life.
