

Spyker Pro Broadcast Spreader - 80 lb Poly Hopper RSPP60-8020

Details

Large 80 lb capacity hopper projects an even spread pattern allowing for better spreading coverage. Accu-way supports the proper, consistent distribution of material being applied and prevents overspreading and striping of turf. Spyker dial offers 90 settings to accurately calibrate for the type of spreading material and ice-melt. Poly hopper with stainless steel or powder-coated frame, dual handle, and enclosed metal gears. 13" x 5" (330mm x 127mm) pneumatic tires. Screen and cover included.

Please note: Due to excessive air freight charges, this item will be shipped ground freight.
