

Mechanix Wear Original Grip Glove

R7057-

Details

Work smarter, not harder with the Original Grip Glove. Designed by covering the synthetic leather palm, fingertips and thumb of the Original Glove with a sonic-welded, TPR dot pattern, allowing you to use strenuous effort when gripping. The dot pattern displaces liquid for better traction and rolls over to the top of the index finger and thumb for more intricate tasks. Stretch spandex material for a comfortable fit. Reinforcement panels in high wear areas for increased durability. Black.

- Supple 0.5mm synthetic leather palm for superior feel and pinpoint precision
- Form-fitting stretch Spandex creates a second-skin fit
- Thermal Plastic Rubber (TPR) closure for a secure fit to the wrist
- Machine washable
