

Corona Comfort Gel Floral Scissors

RCFS3394

Details

Floral garden scissors are designed for cutting an assortment of plants and flowers such as roses. The wavy, serrated 3in blade edges hold the stems while you are cutting, making clean cuts easy. The durable, stainless steel blades are resharpenable, separate for ease of cleaning, and will not rust. The scissors are very comfortable with soft, ergonomically-shaped Comfort Gel grips. 3in Blades.

Specifications

Manufacturer	Corona
Blade Length	3 in
Material	Steel
